DETAILED ACTION

Claim Objections

Claims 14 objected to because of the following informalities:

The recitation "the wave-guide" should be changed to "a wave-guide".

Appropriate correction is required.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 4, 6, 7 and 20 are rejected under 35 U.S.C. 102(b) as being anticipated by Stuckart, U.S. 5,164,094

Stuckart discloses an ultrasonic processor having a sealed chamber (1), a lower inlet (2), an upper outlet (3), a plurality of transducers (4) on a sidewall and a reflector (5) on the opposing sidewall inherently capable of processing drill cuttings.

Allowable Subject Matter

Claim 2, 3, 5 and 8-19 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
